

PRODUCT DATA CARD

Model identifier	DE82ILB/G
Automatic household tumble dryer	Yes
Energy consumption for the standard cotton program at full load (Edry) [kWh]	1.97
Energy consumption for the standard cotton program at partial filling (Edry%) [kWh]	1.07
Power consumption in off state (P0) [W]	0.35
Energy consumption in standby mode (PI) [W]	0.60
Standby time [min]	5
The standard cotton program used at full and partial load is the standard drying program to which the information on the energy label and data card refer. The program is suitable for drying normal damp cotton laundry and is the most efficient program in terms of energy consumption for cotton.	
Weighted program time (Tt) of the standard program for cotton at full and partial load [min]	149
Program time of the standard cotton program at full load (Tdry) and partial load (Tdry%) [min]	195 / 115
Weighted condensing efficiency (Ct)	91
Average condensation efficiency (Cdry) / (Cdry1/2)	91 / 91
Built-in appliance	No
